

A passionate front-end developer with the equivalent **5 years of experience** in **React.js & React Native**. Skilled at crafting dynamic websites & mobile applications, UI/UX design to enhance user experiences & drive company growth.

Technical skills

Languages/Framework: JavaScript, React JS, React Native, Sass, HTML, CSS, **Tailwind**, & TypeScript

Tools/Software: VS code, **Android studio**, **Xcode**, Git, Bit bucket, Jira, **Firebase**, App Center, **Mixpanel**,

Popular NPM packages: Axios, **Reanimated**, **Redux**, react-native-permission, react-router-dom & navigation, Styled component, react-hook-form, Lodash, react-native-paper, react-icons, react-native-gesture-handler, **NativeWind** etc

Professional experience

OnEmi Technology (Kissht | Ring)

March 2023 – Present

Kissht - Money lending **mobile app (10+ million downloads** on Play Store, **4.1 rating & 700k reviews)** (React Native)

Fastcash loan (Role – API integration, Implement smooth UI, APK creation & Production release)

- Developed user **onboarding journey** to gather personal details, employment information, address, **selfie verification**, PAN number & aadhar details
- Created an **offer page** presenting users with loan details including loan amount, tenure, interest rate, repayment dates, Key Facts Statement (KFS), & enabling seamless **addition of bank details**
- Regularly **deployed code updates to production**, ensuring users have access to the latest features.
- Integrated **Mixpanel events** for business teams to **track user journeys**, spot trends & optimize **funnels**
- Created **reusable components**, **custom hooks**, implemented **WebSocket** & configured the app

Flexi loan: Implemented the flexi loan offer, tailored to each user's eligibility. This approach allows users to **customize their loan** by adjusting both the loan amount & selecting a tenure that suits their preferences.

Top-up loan: Developed the top-up loan feature, enabling users to access **additional loan amounts** on top of their existing loans & typically offered to individuals with a proven track record of timely repayments.

Ring – Money lending **mobile app (20+ million downloads** on Play Store, **4.5 rating & 600K reviews)** (React Native)

Power loan

- Redesigned onboarding pages, added **redux** for state management, **animations** for visual appeal, & bank add feature with **NACH mandate** for auto debit.
- Implemented **Setu verification** in the app to seamlessly access users' bank transactions, enabling a better understanding of user eligibility for higher loan limits.
- Integrated **Blitzllama** for collecting user feedback & **Strapi** (headless CMS) for dynamic content management
- Implemented **TATA & Poonawalla Fincorp Limited direct sales agent modules**, Integrated **Loan against property** feature
- **Led the app releases, OTA updates using code push**, APK creation & distribution via **Firebase app distribution**
- Managed git branching for various app versions & maintained code quality to improve the app performance
- **Collaborated** with the **Product team** to ensure requirements. Engaged in discussions with the **Server team** to define API requirements for seamless integration. **Worked closely with QA** team to define test cases for ensuring high-quality

Personal projects

Voias AI - React Native & **OpenAI (ChatGPT & Dall-E)** - [Video link](#)

- A voice assistant app integrated with **OpenAI API**, allows **search queries through voice recognition** & creates an **image from a description**, added **text-to-speech** functionality with elegant gradient UI, & smooth navigation.

Hungry Tummy - React Native, **Reanimated**, **NativeWind** & **MealDB API** - [Video link](#)

- An online **meal-ordering app** with captivating animations & sleek UI for the best user experience.
- Added **Lottie animations & react-native-reanimated animation**, providing features such as **searching meals based on text** or categories, adding to cart, applying coupons, placing orders & viewing previous orders

Education

B.Tech In EXTC from **Mumbai University** (June 2015 - May 2019)
